

The diagram illustrates the relationship between different versions of the text 'The Adventures of Tom Sawyer' and 'The Adventures of Huckleberry Finn'. It features a central blue box with a grid of smaller boxes, each containing a snippet of text. The boxes are connected by lines, indicating the flow of the text and the relationships between different versions. The text snippets are color-coded: yellow for the opening paragraph, blue for the middle paragraph, and green for the closing paragraph. The diagram is a visual representation of the 'textual network' described in the text, showing how different versions of the text are related to each other and to the original text.
